(54) **Optical disk recording device and optical disk drive.**

(57) An optical disk writing device (40, 40A) includes an optical disk drive (41) recording data into an optical disk (31) and having no harddisk as a data buffer, and a host computer (50, 50A) controlling the optical disk drive (41) and transferring the data to the optical disk drive (41) by using a data storage (51B, 53) connected to the host computer (50, 50A) as a data buffer for the transferring and the recording.
